NIPPON CARRYING BIG TREASURE TO ORIENT

Carrying a million and a half dollars in treasure, consisting of gold and silver bars, for Hongkong and Shanghai banks, the T. K. K. liner Nippon Maru, which docked at Pier 7 at 9:30 this morning from San Francisco, could be called a treasure ship. The gold is worth \$500,000, and the balance is in silver bars, worth \$1,000,000.

Bad weather the first day or two out was reported by Capt. H. S. Smith, the Nippon's commander. Pursing H. J. Grasset reported the liner to be carrying a capacity cargo to the Orient, principally cotton and canned goods, to the amount of 3000 tons.

Mail coming on the steamer for Honolulu was 366 bags. The liner left only three cabin passengers here, but her through passengers are 101 first cabin, 19 second and 92 Asiatics. From here the Nippon will take 35 steerage passengers when she sails at 5:30 o'clock this afternoon.

Six days and 19 hours was the running time here from San Francisco. On her last trip from Honolulu to the coast, the Nippon lost two days on account of head winds and bad seas. The liner took on 80 tons of coal here.

FOLDER TELLS ABOUT CRUISE OF NORTHERN PACIFIC NEXT MONTH

Copies of the Great Northern Pacific Steamship Company's official announcement of the Northern Pacific's cruise to Honolulu next month for the Carnival, arrived today from San Francisco.

The announcement is to tourists and ticket agents, and states that on February 16 the Northern Pacific will leave San Francisco at 4 o'clock that afternoon, leaving San Pedro at 5 o'clock the following afternoon, and arriving at Honolulu four and a half days later, at 10 a. m. February 22.

"The ship will remain in Honolulu until midnight February 26," says the announcement, "then will sail for Hilo, arriving there at 9 a. m. February 27, leaving same day at midnight, arriving San Pedro March 3 and San Francisco 9 a. m. March 4." Fares for the round trip range from \$130 to \$375 per passenger.

Accompanying the announcement is a handsome six-page folder describing the trip, and containing a number of Honolulu and Kilauea volcano views; also views of life on board the big liner.

KONA SPANIARD USES KNIFE; HAWAIIAN BOY MAY DIE FROM WOUND

(Special Star-Bulletin Correspondence)

Hilo, Jan. 28.—At Kilauea, in South Kona, there was a knife cutting affray last week that may end in the death of a Hawaiian boy and the charging of a Spaniard, Bonaparte, with murder. The affair took place after a row between the two concerned, and the Spaniard is said to have wielded a knife with serious effect on the boy.

The Hawaiian was cut in the stomach and also on the shoulder, and the first named wound is thought to be dangerous. The Spaniard was arrested by Sheriff Pua and he is being held until it is seen how the Hawaiian's wound turns out.

Sheriff Pua spent a week or so in the Kona and Kohala, and he was very busy keeping a lookout for the much wanted Spanish murderer, Molina, who is said to be still in hiding in the district.

MATSONIA HAS MANY PASSENGERS AND BIG MAIL; LARGE CARGO

A large cabin passenger list, 183, is being brought to Honolulu by the Matson steamer Matsonia, according to radio advices received this morning by Castle & Cooke's shipping department.

There are 358 sacks of mail coming on the steamer, 18 steerage passengers and 3571 tons of cargo for Honolulu, also 141 packages of express matter and seven automobiles belonging to passengers.

Freight on board for Hilo is 1326 tons, including 13 automobiles. The Matsonia is due to arrive off port about daylight Tuesday morning and to dock at 7:30 at Pier 15.

HILLO RAILROAD SALE SET FOR FEBRUARY 26; ALL BONDS DEPOSITED

Practically all of the bonds of the Hilo Railway, which had been arranged for by a committee, have been deposited here by trustees, and the foreclosure sale will take place on February 26 at Hilo. It is expected that there will be an amicable settlement, and it is thought that there will be no delay before the bondholders take charge.

There has been a slight damage done to the railway by the recent storms, but the damage will not be serious. Most of the injury to the roadbed and rolling stock occurred in Hilo. Nothing definite will be announced on the policy of the road until after the foreclosure sale.

Speaker Champ Clark will not be a candidate for Governor of Missouri. He considers the speakership in Congress to carry more power than the governorship of his state.

MATSON LINE MAKING DEAL TO SHIP PINES FOR \$3.25 PER TON

Advices from the coast state that negotiations are being conducted at San Francisco between the Matson Navigation Company and pineapple packers of Honolulu and other principal pine shipping points of the island, for transportation of canned pine, between the territory and the coast, for \$3.25 a ton, under a five-year exclusive contract.

Both the Matson and Oceanic lines now charge \$3.75 a ton, having increased their rate from \$3. The Matson line made the raise effective January 12, with the Matsonia's sailing, and the Oceanic followed suit January 19, with the departure of the Sierra.

The Great Northern's pineapple shipping rate remains \$3 a ton. As it is uncertain how much longer the Hill liner will remain on the run to the islands, the Matson line's offer is being carefully considered by local packers. The line is negotiating separately with each packer and not with all as an association.

Manager J. H. Drew of the shipping department of Castle & Cooke, local Matson agents, said today he knows nothing of the negotiations, which are being conducted, he stated, entirely through the San Francisco office.

FREIGHT RATES FROM CHILE TO NEW YORK MAKE NEW BIG JUMP

Nitrate freights from Chile to New York have advanced \$2 a ton above the highest reported in the Star-Bulletin a few days ago, upon information given by C. P. Morse, general freight agent here of the American Hawaiian Steamship Company.

Mr. Morse received a letter from the head office in New York in this morning's mail, saying that the Californian had been chartered at \$27 a ton in the trade just mentioned. His last previous advices, as stated in this paper, were that two of the A-H steamers had been chartered at \$24 and one at \$25.
